Requirements Profile SOA Rafting Experts

The following minimum requirements apply to rafting guides who are to be appointed and deployed as experts by the SOA:

- SOA/STV Rafting Guide II or equivalent according to the Safety in Adventures equivalence list
- Expertise and experience: at least 5 years of international rafting experience, including experience on WW IV

The specialist group reviews candidates' CVs and training records and makes a recommendation to the Board. The Board may make the appointment by circular resolution.
